Skills

I am a design-oriented front-end developer proficient in **HTML**, **CSS**, **JS** and specializing in **React**. I have experience in building responsive UIs, following the W3C standards and mobile-first design; and I'm well-versed with the common best practices for **accessibility** and **SEO**. I've also worked with front-end libraries and frameworks like **Bootstrap**, **Gatsby**, **Sass**, **Tailwind CSS**, **Material-UI**, **D3**, and a few back-end technologies like **Firebase**, **Node.js**, and **GraphQL**. I'm a problem-solver at heart and a quick learner, and I strive in a challenging work environment.
